PRIMARY EXAMINER

1. The following is an examiner's statement of reasons for allowance: none of prior art of record taken alone or in combination shows a power regeneration circuit for a power conversion system comprising a transformer including a primary coil having an intermediate tap, first and second switching elements, a smoothing capacitor, a charge/discharge element, a charge/discharge path along with specific electronic connections among those elements and particular functions thereof, and more detailed elements as recited in the claims of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Matthew V. Nguyen whose telephone number is (571) 272-2081.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the Group receptionist whose telephone number is (571) 272-2800.
